

# **Egyptian International Shipping Agencies & Services**

Egypt is an ideal bunkering location thanks to the geographically position in the Mediterranean where no deviation is required from major shipping routes in this area, Supplies are offered both offshore and within Egypt's major ports. We can supply all grades of fuel oil together with gas oil. Supplies may be affected by barge at very competitive prices and for smaller quantities an efficient and cost effective tank truck delivery system may also be offered.

**Bunker supply**
